

Mattresses are now recycled in Massachusetts

Dear Arlington Residents,

Mattresses are required by state law to be recycled. If you choose the curbside collection for your mattress, it must be placed in a plastic bag before it can be collected.

Please bring confirmation of your collection appointment (does not need to be printed) to the DPW office, 51 Grove Street, and we will provide you with a large plastic bag, free of charge. DPW is open 8 AM to 4 PM weekdays.
